

Rajiv Gandhi University of Health Sciences, Karnataka

Fourth Semester B. Pharm Degree Examination – 28-Nov-2022

Time: Three Hours

Max. Marks: 75

PHARMACOGNOSY AND PHYTOCHEMISTRY - I

Q.P. CODE: 5017

Your answers should be specific to the questions asked

Draw neat labeled diagrams wherever necessary

All the Questions are compulsory

LONG ESSAYS

2 x 10 = 20 Marks

1. What is quantitative Microscopy? Explain quantitative microscopy and measurement of leaf constants with suitable examples.

OR

Write a note on factors affecting cultivation. Explain Polyploidy and Mutation in brief.

2. Briefly discuss the principles of Ayurvedic System of Medicine.

SHORT ESSAYS

7 x 5 = 35 Marks

3. Give the applications of Plant tissue culture in Pharmacognosy.

OR

What is evaluation? Write a descriptive note on biological method of evaluation.

4. Define enzymes. Explain source and preparation of Urokinase.

OR

What are Phytohormones? Write a descriptive note on gibberellins.

5. Define and classify flavonoids with suitable examples. Describe chemical test for flavonoids.
6. What is a plant tissue culture media? Give various components of a medium and explain.
7. **Write a note on Terratogens and natural Allergens.**
8. Write a note on Morphological classification of Crude drugs.
9. Discuss pharmacognosy of acacia.

SHORT ANSWERS

10 x 2 = 20 Marks

10. Name any two novel marine drugs and give their sources, family and uses.
11. Describe any two chemical tests for Alkaloids.
12. Define the terms: a) Callus b) Totipotency
13. Siddha medicine.
14. State the functions of Cytokinins.
15. Describe Keller Killiani test.
16. What is organ culture? Give suitable examples.
17. Give general tests for Tannins.
18. Differentiate organized and unorganized crude drugs.
